Book in with your **With You Midwifery** Midwife

With You Midwifery empowers, supports and cares for you with a unique, woman-centered model of care.

You can receive private, one-on-one Midwife continuity of care from the moment you are pregnant until your baby is six weeks old. With You Midwifery helps women and their families feel prepared to achieve a positive birth experience.

Your With You Midwifery journey starts with a referral from your GP. The chart on the front shows the With You Midwifery journey in more detail. It's easy to see why it's the best choice for you and your baby.
